

Virtual Field Trips Hosted by Oregon Agriculture in the Classroom

Grade Level: 3-7

Essential Skills: 2, 4, 5, 6, 9

CCSS: 3.W.8, 3.SL.2, 3.SL.3, 4.SL.2, 4.SL.3, 5.SL.2, 5.SL.3, 6.SL.2, 7.SL.2

Time: 40-60 minutes

Materials:

- Knowledge and Reflection Worksheet
- Computer
- Internet

Description:

Join one of our virtual field trips live or view one of the recorded experiences! Students get the opportunity to explore various agricultural farms, business and processing plants through a behind-the-scenes virtual tour.

Directions:

1. Provide each student with a copy of the *Knowledge and Reflection* worksheet.
2. Before watching the video have students fill in the topic of the field trip and fill in the two columns listed under the "Before you watch" headline.
3. After "attending" the field trip, instruct students to fill in the last two columns.
4. Students can submit lingering questions, either as a group or individually on our website. We will respond via email after obtaining the correct answer.

Knowledge and Reflection of Virtual Field Trips

Student Name: _____

Directions:

Take a virtual trip to an agricultural operation! Before your virtual tour, fill in the columns below labeled before you watch. In the first column, record information you already know about the topic of the video. In the second column, record any items you would like to know about the topic. After the video, fill in the columns labeled after you watch. After you watch, record information you learned watching the virtual field trip. Record any questions you still have about the topic.

Topic of Virtual Field Trip: _____

BEFORE YOU WATCH

K

What do you know about the topic?

W

What would you like to know about the topic?

AFTER YOU WATCH

L

What did you learn about the topic?

Q

What questions do you still have about the topic?
