

Turf Management

Unit Topic: Turf Management	Approximate Length: 30-minutes
Stage 1 – Desired Results	
Established Goals: - Compare turf grass to hay - Identify jobs you could work at if you're interested in going into turf management - Explain a challenge related to turf grass	
<i>Students will understand...</i> - What turf grass is - What a career in turf would potentially look like	Essential Questions: - What does a career in turf grass look like?
<i>Students will know...</i> - What turf grass is - What a career in turf would look like - How to pursue a career in turf grass	<i>Students will be able to...</i> - Explain what turf grass is
Stage 2 – Assessment Evidence	
Performance Tasks: Formative: - Word search - Blooket	Other Evidence: - Engagement during the video
Student Self-Assessment and Reflection: - If they were able to complete the word search - How they felt about the blooket questions	
Stage 3 – Learning Plan	

Intro (5 min): Start class by explaining you will be watching a short video from a turf grass specialist at Oregon State University. Explain that they will get a word search worksheet to complete during the video

Transition (3min): Have a student help pass out the word search for them to complete during the video while you pull up the video

Video (13 min): Project the video for the class to watch

Worksheet (5-10 min): If needed give students some time to work with their neighbors to complete the worksheet, then go over the answers with them

Blooket (10 min): Announce that the word search was actually a study guide for the blooket! You can allow students to use their worksheet or have them put it away, have students get out a device and project the blooket join code
